SWATHYKRISHNA K.P

OBJECTIVE

To get an opportunity where I can make the best of my potential and contribute the organization growth

TECHNICAL SKILLS

- Machine learning
- Deep learning
- Python
- SQL

SOFT SKILLS

- Adaptability
- Problem-solving
- Analytical
- quick learner
- Team work

LANGUAGES

- English
- Malayalam

EDUCATION

Data Science – ML-AI-Big Data with Cloud and Tableau

Luminar Technolab Software Training Institute, kakkanad-2022

Master's degree in mathematics

Carmel College, Mala 2018- 2020

Bachelor's degree in mathematics

Sacred Heart College, Chalakudy 2015-2018

Higher secondary education (plus two)

R.M.H.S School, Aloor 2013-2015

Secondary education (SSLC)

R.M.H.S school, Aloor - 2013

PROJECTS

- Big-Mart sale prediction using ML algorithms
-This is a sales prediction machine learning project, it will build a predictive model to find out the sales of each product at a particular store
- Stroke data prediction using ML algorithms
-The stroke data set is used to predict whether a patient likely to get a stroke base on various features using different machine learning algorithms
